Topic > Genesis 3:4 KJV “ And the serpent said unto the woman, Ye shall not surely die:

The first word out of the mouth of Satan to Eve was a lie. He took down all of humanity when he convinced Eve to disobey God. Now he is taking down millions upon millions into hell with him because he is still lying and humans are still falling for his lies. (they are basically the same lie that he told Eve – are you going to believe what God told you?

God’s perfect Word in one corner and man’s hundreds in the other corner. Which are you going to believe?

A reminder of the battle between good and evil of Elijah the (one) man of God against Jezebel’s 850 false Baal prophets at mount Carmel. Read about it in **1st Kings 18:19 - 40 KJV**

What is a “Dispensation” – Now, Only Found in the King James Bible (Completely Removed From the Modern bibles)

In 1901 the American Standard bible had the four words (dispensation) just like the KJV but in 1960 in the **New American Standard bible (all four references to “despensation” were removed).** Why do you think these changes came about? Was it to be able to sell more bibles. Probably in many cases but are these people who change God’s word Satanically influenced as well. These modern changes do not help you understand the Bible better, they actually hinder you from the clear understanding and simplicity of God’s Word. **Psalms 119:89 KJV says, “For ever, O LORD, thy word is settled in heaven. As you see in the above verse, God’s Word does not change! Also, the all capitalized word “LORD” anywhere in the KJV, refers to JEHOVAH (Exodus 6:2-3). The word JEHOVAH no longer found in the modern bibles.**

1,000 Different English Bible Translations Since 1611 by Dr Phil Stringer

John 1:1 KJV “In the beginning was the Word, and the Word was with God, and the Word was God. This verse tells us that Jesus is the Word and **Psalms 119:89** tells us that His Word is settled forever. The KJV has, other than a few spelling corrections stayed the same for 400 plus years. **Which Bible would indicate that God’s Word is settled, the KJV or the 3 to 400 other all different bibles in print today?** (and still more being printed yearly). Also, the modern bibles need to be at least 10% to 20% different from one another because of copyright laws. When we as believer’s stand before Christ in judgement for rewards and how we handled His “settled” word. I can assure you that He will not be reaching for an NIV or any other “modern” Bible. We have the freedom to use whichever Bible we want but should we be using a modern bible changed by men or the **KJV Masterpiece** of which there is no other book like it on the planet.

You need a Bible that you can trust and know that you are holding the Word of God to you in the English language. With all the bibles on the market today you are only going to have this in a King James Bible (unchanged for 400 plus years; the Majority text from Antioch). **Every word in it is a word that God wanted to be there and is for you to know and understand.**
