Topic >>>> Yes, we do have the True Word of God in - The KJV

How many missing verses, missing words, changed words, verses with changed meaning do you need to put away the corrupted modern bible that you are using and turn to the King James Bible? **One mistake, Fifty mistakes, a hundred mistakes?** Actually the changes are in the thousands. **Shouldn't God's Word have "NO" Mistakes!**

When would you come to the conclusion that you don't have God's Perfect Word in your hands with a modern version?

**KING JAMES BIBLE
400 YEARS
1611 - 2011**

Why Should We Use The King James Bible

The King James Bible is God's pure Word to us in English. William Tyndale who translated from the (Antioch Textus Receptus line) was strangled and burned at the stake for translating the Bible. Others labored AND DIED that we might have the word of God in our hands. **The King James Bible is a Book forged in blood, sweat and tears. Unlike the money making modern ones.**

The King James Bible translators were brilliant men who actually debated in Latin and Greek. One of them had read the entire Bible in Hebrew by the time he was six.. In the final analysis, the godly 47 translators of the King James Bible believed that what they had spent nearly seven years of their lives producing was an "exact translation of the holy Scriptures into the English language. They acknowledged the Bible as being "so full and so perfect," "a fountain of most pure water, springing up unto everlasting life." They believed "the original (Scriptures were) from heaven, not earth; the author being God, not men; the penmen, such as were sanctified from the womb and endowed with a principal portion of God's Spirit." They referred to the Bible as "God's Word" "God's Truth" "God's testimony" "the Word of salvation"

All modern bibles come from the (Egyptian Alexander line) and have many verses removed and meanings changed. (Jehovah, Calvary, Sodomites, Bottomless pit, Damnation) words that are missing plus - hundreds more. There are **over 300 modern versions** that are all different from each other and they continue to print new ones. **When you are using a King James Bible (every word) is a word God wanted there** and be assured you are holding the Word of God in your hands.

All Modern bible promoter's use the KJV to compare to as the standard of excellence. But they are far from the perfection of the King James Bible. Either a Bible is God's Perfect Word or it is not and all the modern (so called) bibles are not!
