### God is Infinite & Immutable – (Unchangeable)

**God's eternal existence is an expression of His infinite nature. God exists before, outside of, and greater than all creation.**

To say God is infinite is to note God's knowledge, power, presence, and transcendence above and beyond all human limitations.

God is a Trinity, being equally present in the Father, the Son, and the Holy Spirit. He is not three Gods, but one God in three Persons, each the same in substance and equal in power and glory. God is truth, He will always be truthful, and, unlike sinful man, He cannot lie.

**God is merciful and good and rather than committing every human being to Hell because of their sin. The second Person of the triune Godhead, Christ the Son went to the cross to die in our place, taking on Himself the punishment that we deserve.**

We can trust Him to be who He says He is. God is not going to suddenly stop loving us or suddenly stop being just. We can rely on Him to be our solid foundation.

**God is sovereign, and we have free will. He is in control over all things. Yet we are also free to make choices that actually influence our worlds. Choices in our sinful natures, good or bad.**

The “**Moment**” we believe Jesus Christ paid for our sins we are “**SEALED**” with the Holy Spirit

Part of God's image of goodness and love that He put into man's heart gives us the senses by which to know God. **He gave us the capacity to love Him and to worship Him.** We have the capacities to give Him the pleasure of our company while we enjoy the pleasure of His company. **Only way to describe it is - we are friends.**

When God made the universe, He did what pleased Himself, and since **God is perfect in His goodness, His love, His righteousness, and His wisdom,** He enjoyed creating mankind without flaw. So, when He finished creating the universe and man, **God said “it is very good.”**
